MSBL World Series Spotlight on:

Dean Cosme (Houston Cyclones)

Compiled by Steve LaMontia-Carlentini,
MSBL Director of Communications

What is the name of your team this year? We are the Houston Cyclones

What division will you be playing in? We are playing in the 45+ Cactus Division

Are you managing or playing in more than one week? I wish I were. I'm only playing in week 3. I did, however, recently play in the Texas Cup tournament here in Houston as a tune-up for the World Series.

How long have you been involved in the MSBL? I've been involved with the MSBL for 33 years now, and this is my 30th year managing a team.

Seems Like Teams Are Scoring Runs At A Record Pace In All Divisions

Usually Good Pitching Trumps Good Hitting - But That's Not What's Happening

By Tom Prendergast

If I told you your team would score 16 runs, chances are you would think that would be enough to win any game. You would be wrong! The amount of runs teams are scoring this first week of the tournament seems like it's off the charts. Runs allowed is a very important category for teams in this tournament. Our tie breaker situations are pretty basic. The first tie breaker will always be head to head competition. Now this doesn't apply when three or more teams finish with the same record and don't all play each other, are they beat one of the teams but lost to the other. For example; team A beats team B, team B beats team C and team C beats team A. These teams are each 4-2, so trying to seed playoff teams based on head to head competition, won't work. Next up in the seeding process will be least runs allowed. Needless to say it's very important to make sure the number of runs allowed for your team (that are listed on line and in the newsletter) should be verified by the manager, before your final pool play game. And just so you know, it's not unusual for the WS office to receive 3 different sets of scores from any one game. On occasion the home team will report the score, the visiting will report the score and the home plate umpire also reports a score. What happens when they are different? 16-14 / 15-13 / 15-14. Not a big difference, but when your team is planning on advancing to the playoffs but you miss out by one run, well then it's a big deal. So before it comes to that, check the official standings and runs allowed.

MSBL World Series Spotlight on: Dean Cosme (Houston Cyclones)

(continued from page 1)

How did you become involved with MSBL? A long time ago, in the early 90s, a friend asked me to join his newly formed baseball team. I've been playing ever since.

How many years have you attended the World Series? Fall Classic? Other MSBL Regional Tournaments? This is my sixth year attending the World Series. I also participated in the Fall Classic back in 2006. I have also participated in 9 Texas Cup tournaments throughout Texas.

Have you won any events? If so, please list them and their dates. I have not won any events, but I have been to the championship on three occasions, most recently last year in the World Series.

What do you do for a career? I'm a Senior Estimator and Purchasing Agent for a custom mill and lumber company catering to high-end homes in the Greater Houston area.

Please list any family details, if you wish. I've been married to my beautiful wife Emma for 18 -1/2 years. She's a Project Manager for one of the largest food distribution companies in the US. I have five adult and two teenage children, as well as three grandchildren.

What are the most significant moments for you as an adult baseball player?

I've won seven championships over the years, but the two most recent were this past Spring and Fall for back-to-back championships. That was pretty significant for me.

And the other most significant moment for me was when I pitched a 1-2-3 inning with a K at Minute Maid Park during our league All-Star Game in 2015.

Which local league do you play in at home? I play in and am the commissioner for the Houston Hardball League. My Houston Cyclones team participates in the 35+ Sunday Division.

Do you have a favorite MSBL World Series moment? Last year's World Series. We finished as the #1 seed for the 40+ Central Division and made it to the Championship game. We played 9 games in 6 days. What a run we had!

What are your future World Series team plans? I'm going to keep playing baseball and keep coming back to Phoenix as long as I can. And I hope to start playing in some MSBL regional tournaments in the future.
